## ICIN 2010 – Call for Papers deadline: midnight AOE April 23

Prospective authors have until midnight on Friday April 23 to submit their extended abstracts for ICIN 2010. That's midnight AOE (anywhere on Earth).

ICIN conferences address the interplay between web and telecom technologies and services. ICIN 2010 will focus on new applications formed by weaving together emerging network capabilities, computational power, network and customer data, and content in valuable new and different patterns.

ICIN 2010 has been **approved by the IEEE Communications Society** for technical co-sponsorship.

ICIN 2010 extended abstracts are invited for three presentation categories:

1. **Technical Paper Sessions** – the core of ICIN, constituting at least 80% of the programme
2. **Work in Progress Sessions** – shorter contributions that report on work still in progress at the time of submission of the extended abstract
3. **Demonstration Sessions** – 'enhanced poster sessions' with the ability to present multimedia demonstrations

For more information please download the **Call for Papers** here.

**Submission deadline for extended abstracts: 23 April 2010**
ICIN 2010: October 11-14, 2010, Berlin, Germany

You will find instructions and additional information on our web site at http://www.icin.biz.
