From Bits to Data, from Pipes to Clouds
The network as an asset for convergence of Telecoms, IT and Media into an Internet of Knowledge
4-7 October 2011, Berlin, Germany

Showcase innovative work in progress at ICIN 2011

The ICIN conference is a forum covering telecoms and web services and service architectures from both technical and business perspectives. ICIN focuses attention on the interplay between web and telecom technologies, services and players, and end users. ICIN 2011 will be held on October 4-7, 2011, in Berlin, Germany.

NEW: ICIN 2011 provides an opportunity for Collaborative Projects to showcase innovative work in progress through posters and technology demonstrations.

The regular Technical Paper programme at ICIN 2011 will be supplemented by a combined Poster and Demonstration session. This extended session allows the presentation of late-breaking results, on-going research projects, and speculative or innovative work in progress. Posters and demos aim at providing authors and attendees with an even greater opportunity to gather and to discuss technical issues about their work.

Submissions are invited for Demonstration / Poster sessions as well as for Technical Paper sessions. Prospective authors have until 7 March 2011 to submit their review manuscripts for ICIN 2011. Review manuscripts should be submitted electronically through EDAS at http://edas.info /N9791.

Important dates

- Review manuscripts submission deadline: 7 March 2011
- Acceptance notification deadline: 5 May 2011
- Speaker registration deadline: 30 June 2011
- Full paper deadline: 4 August 2011

For more information please visit our call for papers online at http://www.icin.biz/cfp or download the ICIN 2011 call for papers here.

Berlin will also host the 11th International Conference on Innovative Internet Community Services (I2CS 2011) on June 15-17. I2CS 2011 has the theme "Research drives Innovation" and is dedicated to challenging aspects around modern community systems. The paper submission deadline is 1 March 2011 and details can be found at http://www.i2cs.uni-jena.de/cfp.html.
